THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays, verily, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

Fire destroyed the livery barn of Fleming & Carroll on West Coates street in Moberly and also the colored Baptist church. The barn contained a large quantity of hay and grain also 12 horses, all of which were consumed by the fire.

Harlan Halliburton of Huntsville swallowed a cucumber. While gathering vegetables, the burr stuck in his mitten and in attempting to dislodge it with his teeth in some manner it got in his throat. By using different remedies he finally coughed it up.

Old Tige

Old Tige, the coon dog is in clover, his fasting days are nearly over, and he can take his old front seat and revel in the best of meat, for coon and possum now are fat and Tiger knows just where they're at, so out he goes to drive them in in spite of blows or silly grin. His master pats him on the head and in his kernel puts a bed, better for than Tige had known while snooping round in search of bone
